na: not available

** Spacer kit (P/N 155-0038-00) required (sold separately)

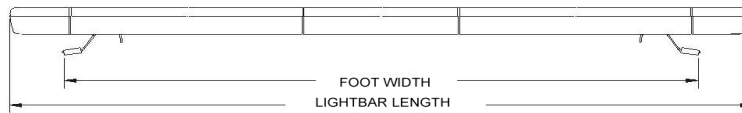

When fitting your lightbar ensure that the maximum foot width is not exceeded for the type of bar, as determined from the below measurements:

10 and 20 Series Bars:

Maximum foot width = Lightbar length – 180mm

15 and 30 Series Bars:

Maximum foot width = Lightbar length – 60mm

90 Series bars
(without underhung alley lights):

Maximum foot width = Lightbar length – 60mm

90 Series bars
(with underhung alley lights):

Maximum foot width = Lightbar length – 210mm
